

Ten reasons to drill

TOP 10 REASONS WHY UNLIMITED GAS DRILLING IS GOOD FOR WYOMING

10. Eliminate pesky elk, deer and pronghorn breeding populations and the areas they have been hunted for centuries

9. Give disease carrying mosquitoes a place to establish breeding colonies in thousands of stagnant water holding ponds

8. Replace the peace and quite of the Red Desert with the soothing sound of diesel engines running 24-hours per day

7. Handing the future of Wild Wyoming and over to foreign corporations that will make money by any means possible with the help of our elected politicians

6. The opportunity to deprive future generations of what makes Wyoming a special and unique place to live

5. Create more roads and dust to help eliminate the ugly clear-blue skies of Wyoming

4. Continue to maintain the legal bribery system of campaign contributions by greedy corporations to greedy politicians

3. Help the drilling permit rubber-stamping BLM decision makers keep their jobs as puppets of the Bush administration

2. The opportunity for the BLM to ignore comments by over 80,000 people who oppose unlimited development of Adobe Town and the Jack Morrow Hills...and

1. Help BP become the "New Enron"
